

SAM PuttLab 8

released July 2025

Smarter, Faster, Sharper

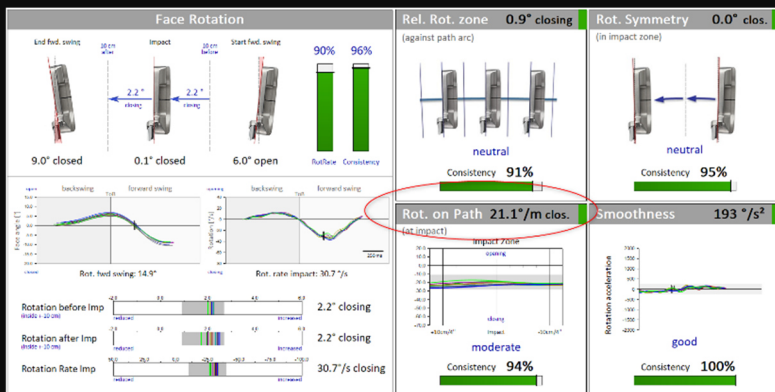

The latest release of SAM PuttLab 8, the new version of world's leading putting analysis and training software is the most advanced software yet for SAM PuttLab users. Available for all PuttLabs since 2009.

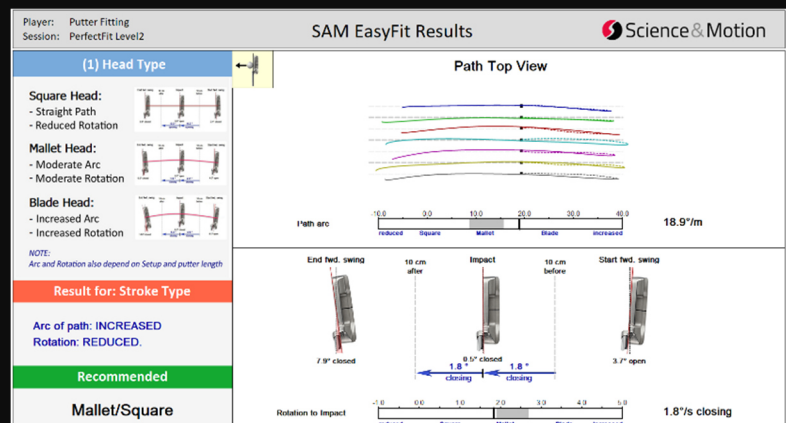

With a brand-new interface, powerful new features, and a completely redesigned experience, PuttLab 8 takes your putting analysis and training to a whole new level—whether you're coaching, fitting, or practicing.

What's New in PuttLab 8?

- ✓ Fresh modern look for the main interface
- ✓ Updated result reports based on your feedback
- ✓ New data tiles and analysis parameters
- ✓ Improved fitting reports with sample graphs

New face on path data tile

Enhanced Fitting Report

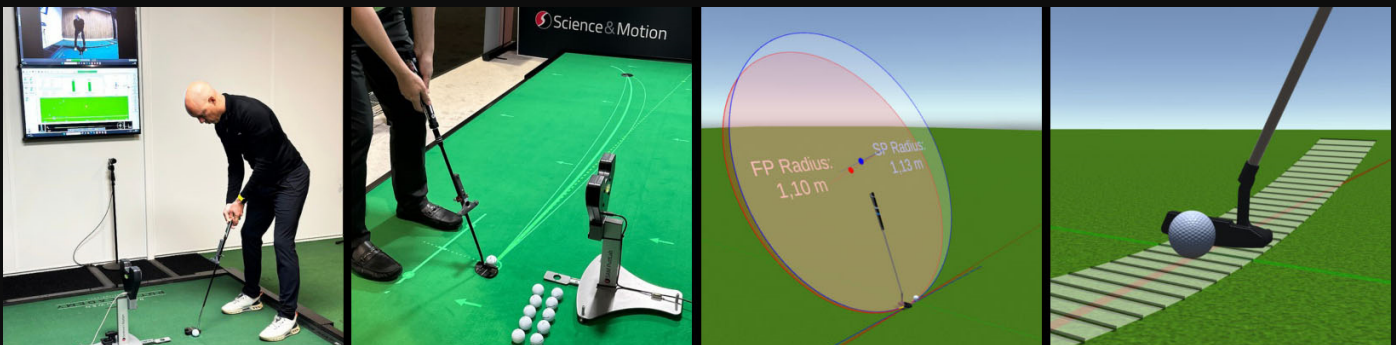

- ✓ New iPad App: Connects directly to your Windows PC to seamlessly control sessions from your iPad

Why Update to PuttLab 8?

Here's why coaches, fitters, and facilities should upgrade:

- **Enhanced usability:** A modern, intuitive interface makes navigation smoother and faster than ever.
- **Clearer insights:** New parameters, updated reports, and improved graphs give you deeper insights for your coaching and fitting.
- **Mobile control:** Use our new iPad App to control sessions and manage data—from anywhere in your studio.
