

We only can guarantee function for the following USB extension cables, as we cannot test all different extensions available in the market.

USB extension cables for SAM PuttLab and SAM BalanceLab

Solution for 5 m extension:

This will lead to a total length for

BalanceLab: 9.5 m / 31 ft

PuttLab: 7.5 m / 25 ft

Recommendation:

**Lindy USB 2.0 Active Extension Cable,
Type 42817**

Only use active USB extensions!
For connection of the extensions
to the PuttLab or BalanceLab
systems only use the original
cables that are delivered with the
system.

Solution for 10m extension:

This will lead to a total length for

BalanceLab: 14.5 m / 47.5 ft

PuttLab: 12.5 m / 41 ft

Recommendation:

**Delock USB 2.0 Extension 10m active,
Type 82446**

Important: only use active USB extensions! For connection of the extensions to the PuttLab or BalanceLab systems only use the original cables that are delivered with the system.
